Capability Statement

GonLED offers turnkey LED lighting solutions that provide our customers with energy savings through increased efficiencies and decreased power and energy costs. GonLED works with federal and state governments, municipalities, school districts, defense contractors, architects, electrical contractors, property managers, facilities managers, and event designers to solve lighting issues and create the best possible illumination. GonLED is a lighting distributor for hundreds of manufacturers. By working with GonLED you will receive the right product at the right price!

GonLED has an unparalleled reputation staying abreast of the latest solid state innovations to give our clients the best and brightest lighting solutions with the most efficient use of your energy dollars. We at GonLED will work closely with your organization to determine the best product(s) for your specific need.
